

**optical activity of human lysozyme - pnas** - peptide optical activity, and that the proteins have a secondary structure in common. human lysozyme can be isolated in large quantities from the urine of individuals with monocytic or monomyelocytic leukemia; the enzymes so isolated appear to be identical with that obtained from normal human tissues and secretions (1). there are several similarities between human lysozyme and hen egg-white lysozyme, but there ... **serum and urinary lysozyme (muramidase) in** - serum and urinary lysozyme (muramidase) in monocytic and monomyelocytic leukemia\* by elliot f. osserman, m.d., and dolores p. lawlor (from the department of medicine, columbia university college of physicians and surgeons, and the francis deland hospital, new york) p. 91 and 92 (received for publication 14 july 1966) by electrophoretic analysis, large quantities of an exceptionally ... **spectrophotometric titration of tyrosine residues in human ...** - vided by dr. elliot f. osserman of the college of physicians and surgeons, columbia university. the lysozyme had been isolated from the urine of a patient with monomyelocytic leukemia by bentonite adsorption and elution with 5% aqueous pyridate rates are 2 to 4 times as great with the human enzyme. the lysine plate assay method of osserman and lawlor (1) can be used over a broader range ... **this week's citation classic cc/number 52-** elevated concentrations of the enzyme lysozyme in the serum and urine of patients with monocytic and monomyelocytic leukemia. in addition to its clinical importance, this finding permitted extensive biochemical and physicochemical studies of human lysozyme [the scif 5 indicates that this paper has been cited in over 825 publications since 1966] " elliot f. osserman department of medicine ... **thesis for the degree of m. s. michigan state university ...** - dr. elliot f. osserman for supplying the human standard for the early portion of my research, and for his helpful suggestions and encouragement. iii. mr. thomas denny for his assistance with the cell separation techniques, and interest in my work. mrs. louise mueller for her thoughtful ideas and encouragement. iv. table of contents introduction . literature review. lysozyme. discovery ... **spectrophotometric titration of tyrosine residues in human ...** - hen egg lysozyme depend on the method of assay. the ratio of activities is not as broad using any one assay method as suggested by the range stated, i.e. human lysozyme is 2 to 12 times as active as hen egg-white lysozyme. any of several methods which measure the rate of decrease of turbidity of a suspension of killed m. lysodeikticus cells by observing optical density changes at a non ... **december 1976] new biological books 527 jeffrey receptor ...** - december 1976] new biological books 527 chapter includes an excellent review of cation morphology and hydration, and applies the concept of variable cation hydration to nerve channel selectivity. the final chapter by moreno and diamond is exceptionally well-written and describes how epithelial tight junction transport sites may be characterized by the use of selectivity isotherms. jeffrey ... **this week's citation classic** - **eugene garfield** - sample, he called and said, "elliott. i don't know what else you have in your sample, but there certainly is an enormous amount of lysozyme activity." indeed, since our protein had been purified to homogeneity, it was clear that this was the enzyme itself. that day was probably the happiest and most exhilarating in my research career because it was obvious that we had identified ...
